DarkBlader X5 RGB

Distinctive RGB Mid-Tower Case with Superior Airflow

Distinctive Style with Dazzling RGB Lighting Effect

DarkBlader X5 RGB's front panel uses the 3 included ARGB VK120 fans' lighting to create an innovative glowing effect along the matte finish. The refined wedge-form and asymmetrical design brings a unique and modern style with exceptional appearance and sufficient airflow to your build.

Enjoy the Dazzling RGB Show

The integrated lighting button, with built-in LED controller, allows DarkBlader X5 RGB to display amazing lighting effects. It's also adaptable with any compatible motherboards' 5V ARGB connection for system-wide lighting synchronization. The powerful lights come out of a stylish panel and the reflective surroundings helps reinforce the RGB effects.

* ARGB fans are optional, specifications might vary depending on the country or region of sale.

Massive Tempered Glass Left Panel

The full-length PSU cover and massive tempered glass left panel presents a clean and tidy build that hides cables. Instead of drilling into the tempered glass, it uses metal frames to more easily build a pro-level system and upgrade its durability.

* Top fans and radiators are optional, specifications might vary depending on the country or region of sale.

Easy access and connectivity for all your devices

With USB 3.1 Gen-2 Type-C and USB 3.0 ports, DarkBlader X5 RGB connects to the latest devices. It also brings high-speed connections to fulfill massive data transfer needs for the ultimate PC enthusiast.

Vertical GPU Support

This revolutionary case is both abbut performance and aesthetics. DarkBlader X5 RGB also supports vertical GPU installation to bring any system's performance to the limit.
* Please choose either of a Vertical Graphic Card or 2.5" SSD trays on the PSU cover to install.
* Top fans and radiators are optional, specifications might vary depending on the country or region of sale.

Top-notch Gaming Hardware

To offer top-notch performance, DarkBlader X5 RGB is able to house a mighty build. Its excellent support for up to 400mm-long graphics cards and E-ATX motherboards brings unprecedented freedom for hardware systems.

* Top fans and radiators are optional, specifications might vary depending on the country or region of sale.
Superior Cooling

ith seven fans and solid support for up to a 360mm water cooling radiator, you will enjoy superior cooling horsepower to keep advanced components safe from overheating.

Water cooling radiator support

Air cooling support

* Please choose either of front or top to install a 360mm radiator.
* Please choose either of a TOP 360mm radiator or FRONT 120mm x 3 fans to install.
